Name	3.0 beta
Reference ID	backlog:74
Start Date	2012-04-10 05:00
End Date	2012-06-30 15:00
Planned Size	—
Baseline load	—
Assignees	Jarno
Description	The deadline 30th June is arbitrary; new alpha releases are made whenever something significant gets done ("release early, release often"). The list below includes more issues than will be needed for Beta quality. A "line" will appear later on in the list indicating what we view as beta quality. New versions of this list will be posted at least as new releases are made
